

Re: Your Information Request about Delta Dental Plan Options

Dear MARS Associates Retiree:

Thank you for your inquiry regarding the Delta Dental of Colorado dental insurance plans offered through your MARS Associates membership.

Delta Dental of Colorado is offering two plan options with enhanced benefits, at very reasonable rates. Information on plan options is posted on the MARS Associates' website (marsretirees.org).

Please Note: You must enroll within 60 days of retirement (or at the end of your COBRA coverage); otherwise, you must wait until the next annual open enrollment period. If you had previous dental insurance and enroll in the Delta Dental MARS Associates plan within 60 days of your coverage termination, the waiting periods will be waived. Please include a note on the enrollment form if you had previous dental coverage and provide proof of coverage to Delta Dental along with your enrollment application.

If you have questions, please contact our Individual Administration team. Their contact information is below.

Thank you,
Individual Administration
